

Sports&Turf

Sports&Turf is designed to improve soil based playing surfaces and lawns. The combination of a coarse to medium sub-angular sand mixed with British Sugar TOPSOIL gives good drainage whilst promoting grass establishment and growth. The BS3882 compliant topsoil within the blend contains both phosphorous and potassium, which contributes to soil fertility and encourages healthy growth.

A 90% sand based dressing

STRI Statement

“Sports&Turf is suitable for use on natural soil constructions and offers the advantage of providing nutritional benefits to the turf, as evidenced by turf green-up seen on test plots in Autumn 2017”

- ✓ Soil based pitch dressing
- ✓ Improving levels
- ✓ Fairway dressing
- ✓ Tee construction

Features	Benefits
90% total sand	<ul style="list-style-type: none"> • Free draining • Easy to apply
Sub Angular Sand	<ul style="list-style-type: none"> • Open free draining • Less likely to cap
Screened to 10mm	<ul style="list-style-type: none"> • No issues with stones
Typically contains 50% coarse and medium sand	<ul style="list-style-type: none"> • Free draining, encourages healthy root growth
BS3882:2015 Compliant Topsoil	<ul style="list-style-type: none"> • Promotes and sustains growth • Nutrient retentive • Assists seed establishment • Greens up turf
STRI Analysed	<ul style="list-style-type: none"> • Peace of mind
Saturated Hydraulic Conductivity Average 10mm / hr	<ul style="list-style-type: none"> • Water freely moves through the surface
