

Sports&Turf

Sports&Turf is a blend of 80% medium and coarse sand with 20% British Sugar TOPSOIL.

The sand is predominantly medium to coarse and sub angular in shape, which assists free drainage and promotes good integration into the surface of the turf.

The soil within the blend contains both phosphorous and potassium, which contributes to soil fertility and encourages healthy growth.

Sports&Turf's combination of specialist sand and soil is ideal for grass establishment and maintenance.

- ✓ Soil based pitch dressing
- ✓ Fairway dressing
- ✓ Tee construction

Features	Benefits
80:20 Sand:Soil Mix	<ul style="list-style-type: none"> • free draining • easy to apply
SubAngular Sand	<ul style="list-style-type: none"> • open free draining • less likely to cap
Typically contains 50% Coarse and medium sand	<ul style="list-style-type: none"> • Helps to open up the soil profile
20% British Sugar TOPSOIL	<ul style="list-style-type: none"> • promotes and sustains growth • nutrient retentive • assists seed establishment
STRI Analysed	<ul style="list-style-type: none"> • peace of mind
