### JF Lindsay

JF Lindsay Construction is a family-owned and operated civil engineering and construction company. Since August 2022, the company has taken delivery of 3,400 tonnes of British Sugar TOPSOIL's Landscape20 general purpose topsoil for the landscaping of the rear gardens of homes.

Landscape20 is the ideal product for seeding and turfing in domestic gardens as it is analysed and tested to the BS3882:2015 standard. Meeting the standard, means its free from contaminants and potentially toxic elements, giving the end user confidence and peace of mind.

Head of Procurement at JF Lindsay Construction, Matthew Brialey, is delighted with both the product and the service provided by British Sugar TOPSOIL.

*"Landscape20 is obviously the best product on the market so we know that we will have no comebacks from using it. Placing orders is straightforward and deliveries are always on time. We would recommend British Sugar TOPSOIL to anyone." - Matthew Brialey*

# Stamford AFC

Founded in 1896, Stamford Association Football Club is a Lincolnshire club, currently playing in the Southern League Premier Division Central. Nicknamed 'The Daniels' after Daniel Lambert, reputedly Britain's heaviest man, who is buried in Stamford, the Club moved to its current home ground, The Zeeco Stadium at Borderville Sports Centre, in 2015.

Stamford AFC are delighted with TOPSOIL's Sports&Turf product. Stamford's pitch at The Zeeco Stadium was constructed back in 2014 and the Club's Grounds Director, David Salisbury, is now looking to build up the soil profile, which was shallow at the construction phase:

*"We need a topdressing that is compatible with the existing soil profile. We are delighted with the Sports&Turf topdressing from British Sugar TOPSOIL. The 90/10 mix [90% medium to coarse sub angular sand with 10% BS3882:2015-certified topsoil] is ideal for what we want for a sports surface."*

The work currently being undertaken will prepare Stamford AFC's pitch for an exciting season ahead.

## Our wide range of products

Landscape<sup>20</sup>

HortLoam<sup>10</sup>

LawnDressing

Sports<sup>10</sup>

Sports&Turf<sup>10</sup>

SubSoil<sup>10</sup>

## Our Products are available in Bulk and in Bags

Need your product delivered in bulk bags? No problem. Our topsoil and topdressing products are available to order in bulk bags (12 bag minimum order).

## STRI Visit

We have worked closely alongside the STRI for the last few years. They have played a major part in the development of our product Sports&Turf through testing and replicated trials, so it felt only necessary for the Sales team to visit STRI Head Office in Bingley.

In Spring 2022, we commissioned a three-year topdressing trial. This was to assess the benefit of using TOPSOIL's Sports&Turf for use as a topdressing on grassroots level football pitches. It was great to see all the work the STRI has done so far on this project.
